

Name: \_\_\_\_\_

"Think-Tac-Toe"

Select and complete activities from the choice board in a tic-tac-toe design.

When you complete the activities in a row you may decide to be finished. Or you may decide to keep going and complete more activities.

|--|--|---|
| Use string to measure the height of 5 of your classmates. Write their names on a piece of paper from tallest to shortest.    | Ask 10 of your classmates their favorite way to eat an apple: skin on or skin off. Graph your results.                       | Write a math story problem that is about leaves falling from a tree. Draw a picture to go with your math story problem. |
| Use a Venn Diagram to compare a tree in the summer and a tree in the fall.   | Draw a picture of the growth cycle of a pumpkin. Label your picture.   | List all the different ways you could sort leaves.  |
| Using KIDPIX on the computer illustrate a squirrel's drey. Or you may choose to draw it in your journal. Label your drawing. | Be a weather detective. Fill in the weather chart for five days and then use the computer to make an official weather chart. | Using the Learn About Weather CD, listen to the book on weather. Then play the sequencing game.                         |
